DIRECTIONS FOR USE:

DONNING THE JUXTA-FIT™ SHELF STRAP:

STEP 1. Apply Juxta-Fit™ Legging as directed.

STEP 2. If a shelf is present on the limb and additional support or coverage is desired, use the shelf strap to wrap up underneath the area in need, pulling up and around the limb until firm and comfortable compression is achieved and secure to the legging.

STEP 3. If a gap between the bands occurs and cannot be corrected by adjusting the bands then cover the gap with the shelf strap pulling to firm and comfortable compression and securing the two hook tabs to the legging.

REMOVING THE JUXTA-FIT™ SHELF STRAP:

STEP 1. Detach the two hook tabs and remove the shelf strap.

Note: Do not tightly roll the hook tabs. This will cause the tabs to curl and to no longer lay flat on the legging while in use.
