DIRECTIONS FOR USE:

DONNING THE COMFORT COMPRESSION ANKLET™:

OPTION 1: Slide the Comfort Compression Anklelet™ onto the foot and ensure that it is pulled high enough above the ankle bone so that it will overlap with the CircAid® legging.

OPTION 2: If using a leg liner, apply the liner first. Pull the top part of the Comfort Compression Anklelet™ over the bottom part of the liner. Ensure there are no wrinkles in the liner where it is tucked into the anklelet.

OPTION 3: If irritation to the anklelet's cuffed edge is a concern, pull the top edge of the anklelet over the bottom part of the legging after the legging has been donned.

REMEMBER: The Comfort Compression Anklelet™ should never hurt. It should feel firm but comfortable. The Comfort Compression Anklelet™ may be worn day and night, but removal is recommended if experiencing discomfort when lying down.

⚠️ IF EXPERIENCING ANY PAIN, IMMEDIATELY REMOVE THE ANKLET AND CONSULT YOUR PHYSICIAN.

REMOVING THE COMFORT COMPRESSION ANKLET™:

Slide the Comfort Compression Anklelet™ off the foot.

CARE INSTRUCTIONS:

- MACHINE WASH WARM
- DO NOT IRON
- TUMBLE DRY LOW
- DO NOT BLEACH

The Comfort Compression Anklelet™ can be machine washed with mild detergent using a gentle cycle and machine dried on permanent press or a low heat setting. To extend the life of the Comfort Compression Anklelet™ hand wash and drip or flat dry.
